Thanks for visiting our website. If you don't find what you're looking for, please let me know.

One thing that distinguishes Montana in this area is that while our campaign disclosure laws are considered among the best in the country, we're lacking when it comes to on-line report filing and on-line disclosure of campaign financing. It's something we're working to change.

For the last several months, and continuing through the next year, our focus is on improving the on-line systems and the quality and quantity of information available on-line. The overall goal is to make campaign finance and lobbying information readily available to anyone who's interested.

Further, we want to make it easier for lobbyists, candidates and campaign committees to file the required forms, and make the process more efficient so time isn't wasted re-entering information.

Expect to see improvements on this site. Again, if you have ideas or suggestions, please let me know.
